7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strengths

The college through located in a semi-urban area has all the urban amenities to compete with other colleges in private and corporate sector in matters of admissions and providing qualitative education to the wards .

Weakness

Lack of computer labs

The institution is located in the outskirts of the town, hence difficult to come for the rural students

Opportunities

The college has sufficient land to construct more class room and start more new courses required by the job atmosphere.

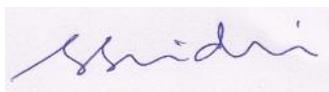

Threats

The challenges posed by the corporate colleges who enjoy limitless freedom and have huge financial recourses to grab admissions threaten the existence of Govt. Colleges and this is a common phenomenon elsewhere in the district.

8. Plans of institution for next year

1. To conduct more certificate courses for the benefit of the students.
2. To motivate the lecturers to complete their Ph.D..
3. To encourage the staff to apply for MRPs. And those who received grant are pursued to complete the same.
4. To cultivate research habits among the students
5. To conduct blood donation camps every year.
6. To make the college a campus of greenery.
7. To Empower Women Empowerment Cell.
8. To conduct more jobs drives.

- ❖ “Save Environment, it saves you.”

2. Goal

- ❖ To make all the students environment conscious and to cultivate an eco-friendly attitude to make the campus free from pollution and to create a serene and harmonious atmosphere in the campus.

3. The Context:

- ❖ Human life which is a gift of God gradually lost its liveliness and loveliness because of man’s indifferent attitude towards environment and exploitation of natural resources for his self centered ends. Students have a decisive role to play in the prevailing crisis by becoming the saviors of nature and symbols of harmony.

4. The Practice:

- ❖ Removal of rubbish and filthy material in and around the classrooms and clensingthem at regular intervals, is taken up by students, NSS volunteers and NCC cadets under the guidance of staff members.
- ❖ Eco club members give instructions and guidance to all in maintaining a serene, decent atmosphere in the college.

5. Evidence of success:

- ❖ So far the clean and green drive program launched has brought discernible change in the students’ attitude towards environment. Students have acquired good qualities such as team spirit, respecting to dignity of labor, positive and healthy attitude and eco friendliness.

6. Problems encountered and resources required:

- ❖ This college is located in a backward area which has been constantly hit by drought and acute water shortage especially during summer.
- ❖ To make all these activities continual and conspicuous water facility is to be provided year long. Pipelines should be laid to supply water to all corners of the college to save greenery.
- ❖ Environmental consciousness among all the students is of immense utility to the college and to the society because of its contribution to the survival of nature .

PRACTICE-2

1. Title of the practice :

- ❖ JKC-A path to success through skill enrichment

2. Objectives of the practice :

- ❖ To motivate the students to understand the importance of various job oriented skills.
- ❖ To make the students learn the basic skills of computers at first stage and later, the various computer related practical activities.
- ❖ To encourage students to improve their communicative English abilities by participating in college seminars, paper presentation and interaction programs.
- ❖ To train the students in other branches of study such as Arithmetic, Reasoning, quantitative techniques and drafting.
- ❖ To install self confidence and self reliance in the minds of students to face the challenges of job market.
- ❖ To guide the trained students regarding job opportunities in various companies and make them participate in various job-recruitment and placement drives in various centers outside Palamaner town.

3. The context:

- ❖ Palamaner town is situated in a drought hit part of Chittoor district, surrounded by tiny villages which have been thwarted and neglected socially, educationally and economically for years together.
- ❖ S.V.C.R. Govt Degree College is the only centre of higher learning which has been catering to the educational needs of the students who hail from the marginalized sections of society. To elevate the confidence levels of these rural students who have no exposure to various skills, Jawaharlal Knowledge Centre was established in 2008, to meet the present job market demands. This innovative practice not only trains up them in various skills but it makes them compete with the students of corporate colleges with a spirited hope and expectations.

4. The practice

- ❖ JKC Training is a novel and innovative program with a prime objective of imparting training to the wards of the college who hail from the rural areas.
- ❖ Since then, a systematic and planned schedule of various activities have been prescribed as the constituents of syllabus. Three batches of students, each batch containing 30 students are trained every year. Every day two hours are allotted in the time table to teach these skills. A JKC mentor will handle the classes in two sessions with the assistance of GEM. The two posts are remunerative, met from JKC budget allotted every year.
- ❖ So far 15 batches of students have been trained and have been taken to various placement drives held in our college and various other places of the district.

5. Evidence of Success

- ❖ The students got jobs at various job melas. Their confidence levels have been improved and they are ready to face the requirements of the job market.

6. Problems Encountered and Resources Required

- ❖ The college intake of students has been increasing year by year as this is the only Govt College that caters to the needs of all. So a modern computer laboratory with all facilities is in need so that much focus and concentration may be put on the objectives of the program.
- ❖ The APSRTC officials refused issue concessional bus pass to the students during the summer vacation inspite of our repeated appeals to them. This concession must be restored to the students of the surrounding villages, so that students avail this benefit in summer also to attend the certificate courses, training programmes and JKC summer classes.
- ❖ The Govt should bear all the expenditure to run the JKC training program successfully. At present Schedule Caste and Schedule Tribe students are exempted from paying the entry fees of Rs.500. This concession should be extended to B.C students, EBC and other Minority community students who cannot pay the fees due to poverty. Coaching fees to all these students should be reimbursed in time so that the Principal Coordinator can organize the programs effectively.
