PRINCIPAL'S DESK

To nurture the future of the student is the main objective of the chair. SVCR Govt. Degree College puts forth all the might to bring light in the lives of the marginalised section of the students. The college here represents the stake holders. The holistic progress of the individual student is much cared about.

A familiar rapport brings the students near to the hub of knowledge. To bring out the hidden talents of the student the cultural club and to ensue social responsibility RRC and to impart social discipline NSS and NCC are working. The students' skills are sensitised through Jawahar Knowledge Centre and Andhra Pradesh State Skill Development Centre. The college offers a well-equipped gym and a sports pavilion where the

ADMISSION CAMPAIGN

ACADEMIC YEAR 2026–27

Month of June

The Admission Campaign in Rural Villages was conducted to create awareness among students and parents about the higher education opportunities available at SVCR Government Degree College. The campaign team visited nearby villages, interacted with Intermediate pass-out students, distributed admission pamphlets, and explained the courses, scholarships, fee reimbursement, hostel facilities, and career opportunities offered by the college.

ADMISSION HELP DESK

The College Admission Help Desk was established to provide guidance and support to prospective students and their parents during the admission process. The help desk assisted students with course selection, online admission registration, certificate verification, scholarship information, fee reimbursement, and document submission.

Faculty members and student volunteers offered clear information about the academic programs, career opportunities, and facilities available at the college. The help desk ensured a smooth, transparent, and student-friendly admission process, helping students complete their admissions without difficulty and encouraging them to join the college with confidence.

ADMISSION CAMPAIGN DURING EVENING AND NIGHT HOURS

To maximize student outreach, the faculty members conducted the admission campaign during the evening and night hours, as most students were available at that time after completing their daily work, classes, or household responsibilities. The team visited villages, interacted with students and their parents, and provided detailed information about the courses offered, scholarships, fee reimbursement, hostel facilities, and career opportunities available at the college.

This flexible approach enabled the faculty to reach a larger number of students, address their queries personally, and motivate them to pursue higher education. The evening and night campaign played a significant role in increasing awareness and improving student admissions from rural areas.
